Description

Pre-condition:

1. The user should be created

2. The event should be created

3. The form should be created

Steps to reproduce:

1. Go to <https://fitofan.com/>

2. Log in as a user

3. Go to your profile

4. On the "Events" tab choose the event

5. On the event page click on the settings button

6. On the "Registration" tab add a form to the necessary field

7. Chose any registration method

AR:

The form can't be chosen

ER:

The form was added successfully.

The form can be chosen when registering to the event
