Sprint:			

Description

Pre-condition:

1. The user should be created
2. The event should be created

Steps to reproduce:

1. Go to <https://fitofan.com/>
2. Log in as a user
3. Go to your profile
4. On the "Events" tab choose the event
5. On the event page click on the settings button
6. Set the "date from" and "date to" as the expired period
7. Click on the "Save" button
8. Set the "date from" and "date to" the way like the end of the event finished before it starts
9. Click on the "Save" button

AR:

- The event was saved after steps 6 and 8.

ER:

- The event wasn't created.
- The error message appeared.
