8. Fulfill the rest fields with valid data
9. Click the "Save" button

Expected Result

- The room wasn't created
- The error message appears

C509: Delete the room from the "Rooms" tab on the event settings

Type	Priority	Estimate	References
Functional	Low	2 minutes	QAT-22
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event has to be created with added room

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. On the profile page choose the event from the "Events" tab
5. On the event page click on the settings button
6. Click on the "Edit" button on the "Rooms" tab
7. Click on the 'Delete' button and confirm the delete

Expected Result

- The room was successfully deleted and removed from the list

C706: [Form] Create a form with all sections on the event settings

Type	Priority	Estimate	References
Functional	Medium	2 minutes	QAT-20

Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event has to be created

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Create a form" button on the "Form" tab
7. Add all sections from the dropdown list to a form one by one
8. Click on the "Save" button

Expected Result

- All the sections were successfully added
- The form was saved

C709: [Form] Update a form with Latin symbols on the name in the "heading" section

Type	Priority	Estimate	References
Functional	Medium	2 minutes	QAT-20

Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "Form" tab
7. Click on the settings button of the "Heading" section
8. Update the name with Latin symbols
9. Click outside the poped-up window to save changes
10. Click on the "Save" button

Expected Result

- The name of the "Heading" section was updated
- The form was saved

C710: [Form] Update a form with Latin symbols in the "text" section

Type	Priority	Estimate	References

Functional	Medium	2 minutes	QAT-20
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "Form" tab
7. Click on the settings button of the "Text" section
8. Update the text with Latin symbols
9. Click outside the poped-up window to save changes
10. Click on the "Save" button

Expected Result

- The text of the "Text" section was updated
- The form was saved

C711: [Form] Update a form with Latin symbols on the label in the "text input" section

Type	Priority	Estimate	References
Functional	Medium	2 minutes	QAT-20
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "Form" tab
7. Click on the settings button of the "text input" section
8. Update the label with Latin symbols
9. Click outside the poped-up window to save changes
10. Click on the "Save" button

Expected Result

- The label of the "text input" section was updated
- The form was saved

C712: [Form] Update a form with Latin symbols on the label in the "date input" section

Type	Priority	Estimate	References

Functional	Medium	2 minutes	QAT-20
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "date input" tab
7. Click on the settings button of the "Text" section
8. Update the label with Latin symbols
9. Click outside the poped-up window to save changes
10. Click on the "Save" button

Expected Result

- The label of the "date input" section was updated
- The form was saved

C713: [Form] Update a form with Latin symbols on the label in the "signature" section

Type	**Priority**	**Estimate**	**References**
Functional	Medium	2 minutes	QAT-20
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "Form" tab
7. Click on the settings button of the "signature" section
8. Update the label with Latin symbols
9. Click outside the poped-up window to save changes
10. Click on the "Save" button

Expected Result

- The label of the "signature" section was updated
- The form was saved

C714: [Form] Update a form with Latin symbols on the fields in the "list" section

Type	**Priority**	**Estimate**	**References**

Functional	Medium	2 minutes	QAT-20
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "Form" tab
7. Click on the settings button of the "list" section
8. Update the label with Latin symbols
9. Update the field of the list with Latin symbols
10. Click outside the poped-up window to save changes
11. Click on the "Save" button

Expected Result

- The label and the field of the "List" section were updated
- The form was saved

C727: [Form] Update a form with a numeric value on the name in the "heading" section

Type	Priority	Estimate	References
Functional	Medium	2 minutes	QAT-20
Automation Type	**Creator**		
None	Ilya Kozar		

Preconditions

1. The user profile has to be created
2. The event should be created with the form

Steps

1. Go to https://staging.fitofan.com/
2. Log in as a user
3. Go to your profile
4. Choose the event from the "Events" tab
5. Click on the settings button
6. Click on the "Edit" button on the "Form" tab
7. Click on the settings button of the "signature" section
8. Update the name with a numeric value
9. Click outside the poped-up window to save changes

Expected Result

- The name of the "heading" section wasn't updated
- The error message appears

C728: [Form] Update a form with a numeric value in the "text" section

Type	Priority	Estimate	References

Functional	Medium	2 minutes	QAT-20
